After this Fri CEQ call (the first in a month), we'll circle wagons to see if there are any critical update TPs. Otherwise, I agree Jared's current and conversant on both topics.

I wouldn't want to overload topics for this M&G, but the only other potential item is perhaps expressing general support/awareness for LTMS (no imminent decisions, but Corps is both a partner and a perennial challenge---as a discharger, not a regulator---so putting on Toy's radar could be good). Totally optional, IMO.

BTW, my understanding is that Toy is officially a General now.

Rosemont! Maybe Cargill, both of which he is familiar with. I will check with Jason re whether there is anything else.

I haven't met Col Toy so would like to join Jared.
